

Verge is a catalyst for growing the innovation economy, technology and life sciences sectors, and professional communities in GO Virginia Region 2.

Established in 2020, Verge is the region's front door for innovators, founders, funders, to connect a growing roster of companies - both startups and established - with resources to grow and thrive.

Verge Affiliates

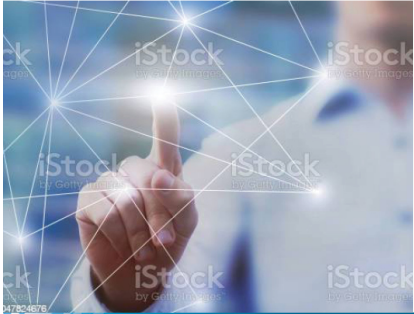

INSIGHTS
Provides vision, strategy, and development resources to help move the region forward

INNOVATION
Works with high growth potential, technology startups and their founders to bring new companies, products, and services to market

IMPACT
Provides opportunities for technology companies and the associated professional community to connect, grow, and lead
